

Crate Dumper

Fast & Efficient Product Handling Increases Production and Saves Time

The Crate Dumper unloads product containers quickly, improving your production and efficiency without compromising safety. The constant speed and smooth dumping and return motion ensure the quality of your product. Activated by a machine-mounted switch, the Crate Dumper is easy to operate. Its strong, 304 stainless steel construction and compact design make it an essential piece of equipment for your processing line.

- Unload product crates quickly – in less than a minute – with smooth dumping action and fast return
- Accommodates containers up to 2500 lbs. and 54-60” wide depending on model
- Easy and safe operation by forklift operators due to machine-mounted controls and visibility under the crate
- Specifically designed to complement our Hopper and Hydrolift Destoner for a perfectly matched system
- Sanitary design with rounded and sloped surfaces allows for quick and thorough cleaning

Common Food Applications

Potatoes

Apples

Beets

Carrots

Cucumbers

Onions

Pumpkins

Squash

Crate Dumper
