

Peeler/Scrubber/ Washer CIP System

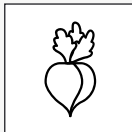

Clean The Peeler Bed And Rolls During
Production And Sanitation

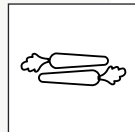

Common Food Applications

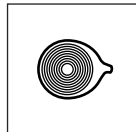

Potatoes

Beets

Carrots

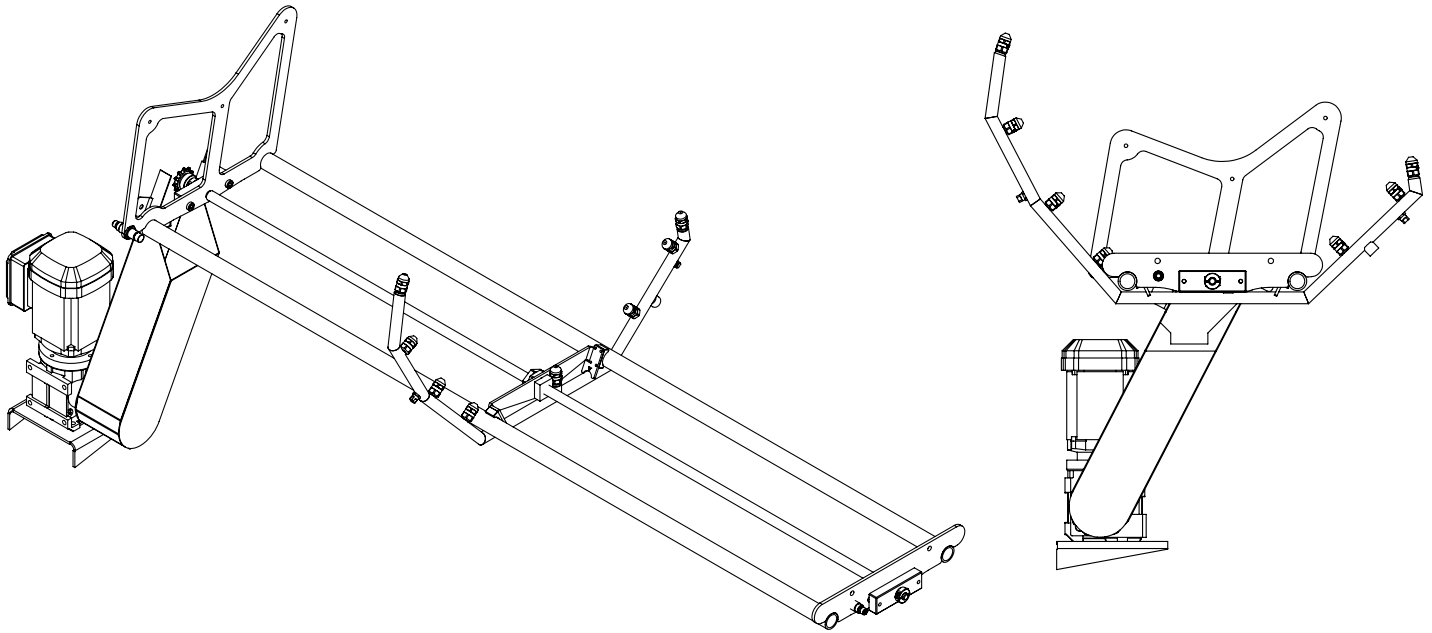

Onions

Vanmark's Peeler/Scrubber/Washer Clean in Place (CIP) System cleans the peeler bed and rolls during production and at sanitation – reducing manual cleaning and the resulting downtime. Its upper and lower spray bars provide a thorough and consistent clean, and optional controls automate operation. It works with all roll types and is compatible with models 2820/22 and 2920/22 Peeler/Scrubber/Washers. The CIP System is an effective and efficient option to help clean Peeler/Scrubber/Washers automatically during operation.

- Clean the peeler bed and rolls during operation and at sanitation automatically
- Get a high quality, consistent cleaning every cycle
- Save water through increased efficiency and lower water usage than a traditional pan set up
- Works with all roll types – grit, brush, sinewave
- Cleaning cycle of less than 10 minutes
- Available as a retrofit for 2700, and with existing and new 2820/22 and 2920/22 Peeler/Scrubber/Washer models

Peeler/Scrubber/Washer CIP System
